The particulars of the murders and the

MONETARY AND COMMERCIAL

The continued bad weather seriously interfered with business and has retarded the opening of the spring trade, which by this time should be well underway. In monetary affairs there is little change. In New York yesterday money on call was easy, ranging from 14 to 2, last loan at 2, and closing offered at 2. Prime mercantile paper 4x6. In Bultimore money was easy at 4a5. The recent reorganization scheme of the R & D. Wheatley vs. Church ; decree confirming R. R. has caused a decline in the bonds of that company.
